Mentor Families for the 2018-19 School Year

Are you looking for a way to share your love of our school? Become a Mentor Family for the 2018-2019 school year and welcome a new family to St. John! Our mentors are a crucial part of our community and a great resource for our incoming families. The time commitment is minimal for this rewarding and

important volunteer position. Mentor Families are there to answer questions, extend invitations to school events and be a familiar face as families make their transition to St. John. Email meghan.stinchcomb@gmail.com for more information or sign up now [using this link](#).

Re-registration for next year is open!

We are excited to start to plan for the year ahead and grateful that so many families have completed this process. We have also started to accept new families. It's going to be a great year! In January, you received an email via TADS with a letter from me regarding tuition and re-registration for the 2018-19 school year. We encourage our current families to take advantage of the incentive to re-register today. Having re-registration numbers in early in the process helps us to create great plans for the coming year. You can use the link in your email from Monday or login to your TADS account (secure.tads.com) and select the third bullet, "I received a letter instructing me to fill out an enrollment/re-enrollment registration form."
